

Welcome Letter
of the Committee of the State Duma of the Federal Assembly of the RF for
Transport to Participants and Guests of Moscow International Exhibition
“Motor Show 2010”

On behalf of the Committee of the State Duma of the RF for Transport and on my own behalf, I am glad to welcome the organisers, participants and guests of Moscow International Exhibition “Motor Show 2010”.

At present, we all can observe high interest to new reliable, environmentally friendly and safe automobiles. The role of automotive industry in the Russian economy is extremely important. And dynamic growth of car manufacturing industry shall meet strategic interests of the state, car manufacturers and the community in general.

I am confident that this exhibition will become a remarkable event and will make its contribution to the development and strengthening of Russian automotive market.

It is important that the exhibition will comprise International Forum “Car Manufacturing and Spare Parts Market Development”, which will cover such issues as operating concepts of international companies in the Russian market, discussion of critical issues of mutually beneficial cooperation between Russian and international companies and assistance in the development of the industry in general.

I wish the organisers and participants of the exhibition productive work and new innovative solutions!

S. N. Shishkarev
Chairman of the Committee of the State Duma for Transport
