

**Welcome Address of Moscow Chamber of Commerce and Industry to  
Participants and Guests of International Exhibition “Motor Show 2009”**

**On behalf of Moscow Chamber of Commerce and Industry, I welcome  
participants and guests of International Exhibition “Motor Show 2009”**

Automobile industry today is one of the few markets with extremely high economic growth potential and attractive opportunities for manufacturers. Growth in prosperity of people and growth of Russian economy provokes keen interest to new, reliable, environmentally friendly and safe modern cars.

Popularity of annual Motor Show exhibition grows every year, as it gives an excellent opportunity to get acquainted with new products of automobile industry of various countries and a variety of goods and services in the field of car parts and components.

Participation of leading international producers at the exhibition – 800 exhibitors from 30 countries – proves the reputation of the exhibition as the largest forum of automobile industry in Russia.

Motor Show is aimed at professionals of the industry providing specialists with an opportunity to get acquainted with new products and establish long-term and commercially beneficial partnership relations.

I wish the organisers and participants of the forum productive work and new exciting plans!

President
