

Welcome Letter
of Deputy Chairman of the Government of Moscow Region, Minister
of Transport of Moscow Region
to Participants and Guests of the International Exhibition
Motor Show 2010

On behalf of the Ministry of Transport of Moscow Region and on my own behalf, I welcome the organisers, participants and guests of Motor Show 2010!

The Motor Show exhibition deservedly enjoys popularity, as this event provides an excellent opportunity to get acquainted with new launches of the automobile industries of various countries worldwide and the variety of goods and services.

Following dynamic changes in the market, Motor Show by right remains one of the key events in car manufacturing industry of Russia and CIS.

Russian automobile market is being developed at a quick pace. New production facilities for manufacturing of modern automobiles are developed with the participation of leading international automobile companies, and joint ventures are established for manufacturing of modern blocks, units and components. It is obvious that the automobile industry of Russia is a sector with an extremely high potential for the economic growth and attractive opportunities.

I am confident that Motor Show 2010 will contribute to further dynamic development of the automobile industry and strengthening of business cooperation of Russian and international companies.

I wish you every success in your work and happiness!

Deputy Chairman of the Government
of Moscow Region – Minister of Transport of the Moscow Region Government – P. D. Katsyv
